CORE INDUSTRIES

WIRELINE

Empowering providers with customized solutions that expand broadband and telecom services in communities nationwide including tribal lands, municipalities, and others enhancing digital connectivity and building strong, lasting client relationships.

WIRELESS

Delivering comprehensive wireless solutions, from strategic consulting to build-out and support. We use a construction-first, design-build approach that ensures fast, coordinated, and practical connectivity through cellular networks.

ENERGY

Custom tailored solutions that streamline fiber network integration and utility operations for municipalities, co-ops, and energy companies, enhancing connectivity, reducing costs, and supporting reliable energy delivery.

DATA CENTERS

Serving the powerhouse behind digital operations, providing secure and reliable infrastructure that enables cloud computing, AI, telecommunications, and seamless IT performance.

ENTERPRISE

Delivering innovative managed IT and cybersecurity services tailored for businesses, helping them scale technology efficiently without the cost of full in-house support.

CUSTOMER TESTIMONIALS

"Sending some kudos to your leadership team, as they are always quick with responses and easy to work with. We appreciate the professionalism and how quickly they follow up with escalations to deliver jobs on time. Keep up the great work!"

~Manager of Planning & Design

"CCI is always willing to take on complex projects, submit high-priority jobs well before the SLA, communicate efficiently, and work alongside their teams to ensure a quality product every time. These qualities are invaluable!"

~Engineering Manager

"We have used CCI for over 10 years with great success! Their attention to detail in fusion splicing through OTDR testing is commendable. Their professionalism, responsiveness, and quality of work make them a top choice!"

~Manager Substation Technical Support

*"Impressive use of drafting and design and clever use of existing tie points and paying attention to cascade and future considerations.
Nice job!"*

~HFC Design Manager

"CCI always goes above and beyond whenever I need anything from them. I wish our other business partners were more like CCI. Thank you for all your hard work, it definitely does not go unnoticed."

~Technology Supervisor

"We appreciate the CCI Team for their support and for going above and beyond to help with escalations and last-minute requests to expedite surveys. You guys come through for us every time!"

~Planning and Design Manager
