CORE VALUES

CUSTOMER TESTIMONIALS

"Sending some kudos to your leadership team, as they are always quick with responses and easy to work with. We appreciate the professionalism and how quickly they follow up with escalations to deliver jobs on time. Keep up the great work!"

~Manager of Planning & Design

"CCI is always willing to take on complex projects, submit high-priority jobs well before the SLA, communicate efficiently, and work alongside their teams to ensure a quality product every time. These qualities are invaluable!"

~Engineering Manager

"We have used CCI for over 10 years with great success! Their attention to detail in fusion splicing through OTDR testing is commendable. Their professionalism, responsiveness, and quality of work make them a top choice!"

~Manager Substation Technical Support

*"Impressive use of drafting and design and clever use of existing tie points and paying attention to cascade and future considerations.
Nice job!"*

~HFC Design Manager

"CCI always goes above and beyond whenever I need anything from them. I wish our other business partners were more like CCI. Thank you for all your hard work, it definitely does not go unnoticed."

~Technology Supervisor

"We appreciate the CCI Team for their support and for going above and beyond to help with escalations and last-minute requests to expedite surveys. You guys come through for us every time!"

~Planning and Design Manager
